## Chevrolet Racing: Louis to LeMans

Beginning June 11, the Museum's Exhibit Hall will once again be transformed to feature a special themed display. For a period of about seven months, that theme is Chevrolet racing history.

The story of Chevrolet racing will be told from the early days of Louis Chevrolet as a racing driver for Buick, through the AMA ban on racing, to Chevrolet Racing's involvement in NASCAR, to the Le Mans winning Corvettes. Significant stories will be told through the display of various cars and artifacts, from engines including one from a C5-R, and a fuel injection cutaway, to race suits, trophies from various races and more. The exhibit will run until January 4, 2019.

**Moore Mondays** – presented by Derek Moore, curator at the National Corvette Museum
