#### MUSEUM EXHIBITS

### Louis to LeMans: History of Chevrolet Racing

The Museum's Exhibit Hall has once again been transformed to feature a special themed display. For a period of about seven months, that theme focuses on Chevrolet racing history.

The story of Chevrolet racing is told from the early days of Louis Chevrolet as a racing driver for Buick, through the AMA ban on racing, to Chevrolet Racing's involvement in NASCAR, and the Le Mans winning Corvettes. Significant stories are told through the display of various cars and artifacts, from engines including one from a C5-R, and a fuel injection cutaway, to race suits and more. The exhibit will run until January 4, 2019.

### National Corvette Museum Commemorative brick

Dear Debra and Don,

Thank you for your purchase of a National Corvette Museum Commemorative brick. The success of the Museum depends on the generous support of persons like you.

Your brick is located in section **HEX6N (In front of the Library)** of the Corvette Boulevard, the inside walkway lining the new addition in the National Corvette Museum. These bricks represent the widespread support from individuals, clubs, and businesses across America and the world.

Your contribution is very important and helps further the mission of the Museum to celebrate the Corvette's invention and to preserve the legendary automobile's past, present, and future.

We appreciate your interest in becoming a part of Corvette history. Again, many thanks for your support. Hope you can visit us soon!

Best wishes,
