MUSEUM EXHIBITS

From Gas Station to Space Station Officially Open

In December we announced a special exhibit opening at the Museum, focusing on low earth orbit, the connection between NASA and Corvette, and in celebration of the 50th anniversary of walking on the moon. While the portion of the exhibit on loan from NASA's Marshall Space Center was delayed due to the government shutdown, we are now excited to share that it has arrive and the complete exhibit is now open! The exhibit runs until June 30, 2019 so make plans to visit and see iconic Corvettes, and an iconic piece of American history!

MUSEUM OFFERINGS

Museum Commemorates 5th Anniversary of Sinkhole with NEW 360 Degree Virtual Tour

Five years ago, on February 12, 2014, car enthusiasts world-wide tuned in to a story that would simultaneously captivate them and make them cringe at the news that eight Corvettes had fallen victim to a massive sinkhole in Kentucky. In the days, weeks and years that would follow, the National Corvette Museum would recover and 'make lemonade' – rescuing all eight cars from a more than 30-foot fall while experiencing a 67 percent jump in visitation to the Museum.

Working with LifeLike Imageworks, a 360-degree interactive tour of the south side of the cave was launched on the Museum's website. The tour allows virtual visitors to explore nearly every inch of the cave, and even utilize VR goggles.

Raffle Tickets

At this time, we are only selling raffle tickets to visitors at the Museum, by phone to residents of Kentucky, or online to purchasers located in Kentucky. Unfortunately, this means we currently are unable to offer raffle tickets on consignment to Ambassadors.

We currently have one \$100 raffle posted, and one \$10 raffle posted.

We are working diligently to add additional states to our list and will communicate when/if other states are added.

Wendell Strobe NCM Ambassadors, the best way I know how to explain our situation with raffles is (1) our gaming license is from the State of Kentucky, (2) we are investigating how many other states recognize our Kentucky Gaming License and how many do not. (3) For those that do it should be a simple and timely process. (4) For those that don't, we will investigate the process and cost involved to obtain needed approval. (5) This includes (a) online sales in other states, (b) telephone calls/sales from residents of other states and (c) sales by volunteers and Ambassadors in their respective states. It's going to take some time but we are on it. We will let you know as we know more. Thanks for your understanding.

Updated Kansas and Montana have been added to the list
